## Equipment Data Sheet

### The ELEVATOR™ Portable Vacuum Loader

**Need to fill supersacs? Choose an ELEVATOR™ and get cleaning.** Combine fast and simple setup and industrial class vacuum in a compact, take-anywhere frame.

The ELEVATOR™ industrial vacuum is designed to fill supersacs, Gaylord bins, and hoppers. Yet it's easily moved by forklift. Lift up the filter housing and set the pins. **It's that easy.**

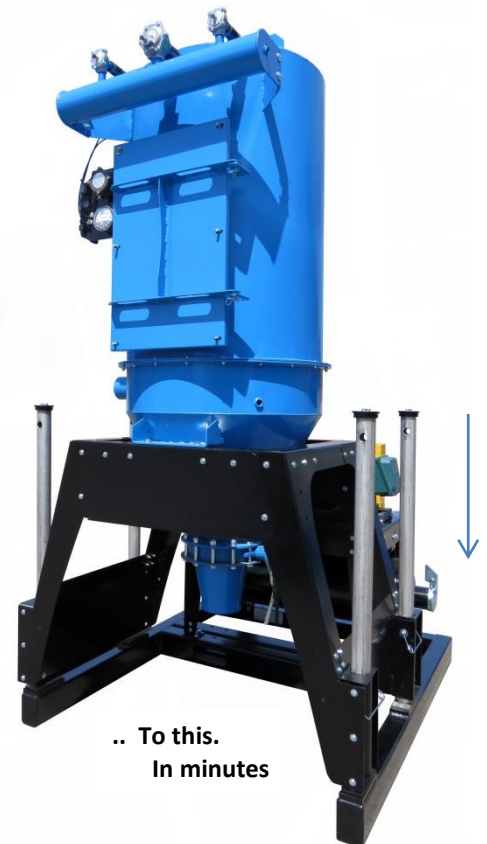

Transform this ..

Pick up and go portability.

Benefit from the best filtration system on the market. From carbon black and super fines, to wood fibres, or pellets, we'll configure a system that's perfect for you. So it will work for years and years with minimum fuss.

.. To this.  
In minutes

### Highlights

- Continuous duty vacuum up to 16" Hg
- Handle ultra-fine powders with the most trouble free filters in the industry
- Configure for explosive materials
- Easily portable by lift truck
- Batch or continuous discharge
- UL, C-UL & CE Compliance
